3.5 REGULATORY ACCREDITED CPD HOURS

CPD INFORMATION:

FICA (1,5 HOURS)

A look at the historical development of FICA , a summary of the key requirements for accountable institutions (including long-term intermediaries), reporting institutions and other institutions (including short-term intermediaries) – especially the reporting of suspicious and unusual transactions and a summary of the more recent FIC developments including the implications of the proposal to bring the short-term industry into the scope of accountable institutions.

Ethics (2 HOURS)

*A theoretical look at the universal concept of ethics as opposed to honesty, values, morality and integrity (including some practical challenges), professional ethics and then a deeper look at the issue of ethics **in business** and how to better develop a culture of ethics in a business with special reference to insurance broking.*
